Programs and Activities

**Leadership Series**

Featuring campus leadership and guests from external organizations.

Source URL: https://amp.ucsf.edu/programs-and-activities

**AMP Mentorship Program**

Participants are matched with senior campus managers in order to learn more about management, leadership and to better understand the UCSF organizational culture.

**Science for the Rest of Us**

This program presents events usually geared to non-scientists. Faculty researchers present an overview of UCSF research programs, initiatives and "lay-versions" of scientific topics.

**Professional Development**

Our newest program offers members workshops and webinars to help members acquire skills and knowledge. Also incorporates activities from the Tools of the Trade program.

**Other Activities**

Annual Kick-Off Breakfast, Winter and Summer Socials, Spring Conference, Systemwide AMP Conference, and participation on the AMP Listserv which is an electronic bulletin board for announcements and program information, including selected job opportunities.
