

UCSF Institute for Global Health Sciences Virtual Grand Rounds

Thursday, March 26
12:00 – 1:30 pm

Zoom meeting ID 781 407 748

Update on the COVID-19 Pandemic

George Rutherford, MD

George W. Rutherford, M.D., A.M., is the Salvatore Pablo Lucia Professor of Epidemiology, Preventive Medicine, Pediatrics and History; Head of the Division of Infectious Disease and Global Epidemiology in the Department of Epidemiology and Biostatistics in School of Medicine at UCSF and Professor of Epidemiology and Health Administration in the School of Public Health at the University of California, Berkeley. He leads the Global Strategic Information group within UCSF's Institute for Global Health Sciences and is Principal Investigator of a series of CDC cooperative agreements that support PEPFAR in the Caribbean Region, Botswana, Ghana, Haiti, Kenya, Malawi, Mozambique, Namibia, Tanzania, Uganda, Ukraine, Vietnam and Zambia. He is a past chair the American Academy of Pediatrics Section on Epidemiology and was the first Chair of the Department of Veterans Affairs Research Advisory Council. He has also served on the National Academy of Medicine's Board on the Health of Select Populations and multiple National Academy of Medicine committees and panels dealing with HIV, tropical diseases and injuries and disease in military and veteran populations.

This virtual meeting will be hosted on Zoom with a meeting ID of 781 407 748. Views are limited to 300; if you have issues connecting a full video will be posted at **UCSF IGHS Events page** (<https://globalhealthsciences.ucsf.edu/event/ighs-grand-rounds-update-covid-19-pandemic>) and additional information is posted there.
